b. Noted a report from DD/A concerning our [REDACTED] and asked the amount we ultimately hope to save. Mr. Wolf stated it appeared at the present time we would probably save and/or recover between 2 and 2½ millions.

e. Stated he did not want to see [REDACTED] unless he had something to impart which he could not tell Mr. Dulles. (NOTE: It was subsequently determined that [REDACTED] only wished to pay a courtesy call. The Director approved its cancellation in view of the possibility that it might be necessary for him to be out of the city for the remainder of the day.)
